Thank you for downloading this tool. The tools, templates and resources provided in this online toolkit are compiled and curated by NACCHO primarily to assist those local health departments applying to Project Public Health Ready (PPHR), a criteria-based all-hazards preparedness training and recognition program for local health departments. Many of these tools were collected from the plans of previous PPHR applicants. All of the resources in this toolkit were vetted and approved as exemplary practices by a workgroup of local public health preparedness experts.

We hope you find these resources useful and engaging. For more information about Project Public Health Ready or to provide feedback on any of these tools, please contact us at pphr@naccho.org.
